Letter of Protest
Docket No. 2020-229-E

Protestant Information:

Name * Alexis C. McNeely

Mailing Address * ;

City, State Zip * North Charleston, SC Phone *

E-mail

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Dominion Energy, formally SCE&G, as well as a leasee of Sunrun's Solar program. Dominion Energy took over all legal responsibilities of SCE&G as laid out in my solar lease contract.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Dominion Energy's proposed fee and solar buyback rate changes would result in dramatic increases in my monthly electric costs. I began leasing solar panels from Sunrun in 2016, not in an effort to save on my electric bill, but because I believe in the transition to clean energy and wish to contribute. At current rates and fees my system must produce at least 790 kw/ month to cover my lease payments to Sunrun; with a monthly production that varies from 260 kw to 880 kw per month, I usually break even at year's end (or as in one especially cloudy year I even lost income). Dominion Energy's proposal increases the basic facilities fee by \$10 a month and adds a subscription fee of \$5.40/ kw system size per month: for my 8.5 kw system, this would result in an additional \$56/ month increase in electric costs (a 25% increase of my average Dominion bill!!), an \$672 yearly increase, all because of my beliefs in a cleaner energy system. I do not think I should suffer such a substantial increase in payments to a utility that already has one of the highest electric rates in the country.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
